

TRANSPORTATION PERMISSION SLIP FOR HVS SPORTS

Parents and Guardians of Middle School and High School Students:

During sports season some of our High School students drive to sports practice. We want to assure that we have your permission for your student to drive to practice and/or to transport other students. We also want you permission for your non-driving student to be transported to practice or a home game by another student, parent, or coach. Please keep in mind the following: the school does not provide transportation to either practices or home games; this responsibility lies with the family.

Please fill in this form so that we can be clear about your wishes regarding your athlete's transportation:

My son/daughter/boarding student may:

Provide transportation for any other HVS athlete: yes _____ no _____
